Broken most of my life I keep on going got faith and hope god has taking me on the ride where he want me to do right. 30 years of marriage has finally got to the end picking up the pieces is hard but god knows what he is doing all this time I will keep going no matter what focus on my job and god in my life . Thank you Jesus I love you so much There are some very inappropriate "quotes" That I was shocked to see on a catholic bible app. The attitude page has nothing to do with Catholicism or growing in your faith.. I was excited to share this app with my family, but that won't be happening, I don't understand why these things are necessary. We have enough worldly, ungodly influence in our culture today, I was hoping a specifically Catholic app would be safe! I think the rest is great if you would remove the vulgarity in the quote sections and use your talents for good and virtue, helping us grow closer to Christ. Looking forward to hopefully seeing that change! God bless! We sincerely apologize for the inconvenience. We can understand your concern, and we do respect your devotion. We ensure you that the mistakes will not happen again in the future. Thank You for the feedback. God Bless You. I don't know if I trust bible apps that require you to buy them or get apps. I spiritually struggle with the idea that with all this pain in the world, the suffering, the manipulation of Christians by leaders that claim Christ but follow the world, that we can't get an ad free bible app. I know the company needs money, but more badly than the world needs access to a bible. Can volunteers not sell prayer cards for you? I mean, the devil only needs one distraction electronically now to pull us away from the moment we might conjoin with the Holy Spirit. What if that distraction got the child the would've unified the churches again? Hem-d Labs Asante Twi Bible 'Asante Twi Bible - Ashanti Bible (FREE OFFLINE Bible) I love so many things about this app! But, I'm just going to mention a couple which are more important to me: 1. The app opens on the cover of the Bible. You may choose to read from the Old Testament or the New Testament. You don't have to scroll past all the books of the old before getting to the new. Great feature! 2. When you open a chapter in a book, the app changes the font of that chapter to italic, so you know you've read that chapter. I love this because I've been reading different books each month. If I forget to read a chapter, finding that it's not italicized is a great reminder! 3. It's easy to mark any verse that happens to stand out to you. Just quick click on the verse gives you the choice to "Favorite", "Share", or "Cancel". Then, to find these favorites, simply click on "Bookmarks" at the bottom. All verses/chapters you've marked will show up. Although, I'd love for these to be sorted by Old and New Testament, at least I can find what I've marked. Rather than just offering a Catholic version of the Bible, this app makes the Bible an interactive, living document. ♥ Developed By: Royal Scriptures License: Free Rating: 1.0/5 - 1 votes Last Updated: July 06, 2019 Version 3.01 Size 9.3 MB Release Date January 17, 18 Category Books & Reference Apps App Permissions: Allows an application to read from external storage.
